

48MKS

**2 bases + 2 trays + 1PG 13.5 cable gland
+ cable ties + screws**

DESCRIPTION

MMC fiber optic drums provide a precise way of organizing cable management inside any fiber optic panel/box. They are designed to protect and respect the fiber bend radius. It is perfectly suited to 900?m, 2mm or 3mm cables

ADVANTAGES

Complete kits for routing optical fibers inside panels
Protects the bend radius of optical fibers
Can be divided into 4 parts
Stackable

CONSTRUCTION & TECHNICAL PERFORMANCE

Color	Green
Available Colors for Optical Connector	Green
Core Material	ABS vert
Gross Scanned Weight of the US (g/km)	0,082

MECHANICAL CHARACTERISTICS

Bending Radius	30 mm
----------------	-------

ENVIRONMENTAL CHARACTERISTIC

RoHS Compliance	Conforme RoHS
Standards	- RoHS

ADDITIONAL INFORMATION

Product Packaging	Bag
Weight (Kg)	0.082
