

ACB4V

Quadruple fan unit for the 19" Multimedia Connect floor-standing cabinet

DESCRIPTION

This quadruple fan unit can be installed in LK and Technic range floor-standing cabinets. It needs to be assembled on the roof with the aid of 4 screws, inside the cabinet. It enables hot air to be extracted in order to maintain an optimum temperature inside the floor-standing cabinet. A thermostat can be added to the unit. Its ventilation capacity is 150 m³/h per fan.

ADVANTAGES

- Unit with 2 or 4 fans for 19" floor-standing cabinets
- Can be installed in Essential & Technic range floor-standing cabinets
- Enables hot air to be extracted in order to maintain an optimum temperature inside the floor-standing cabinet
- A thermostat can be added to these fans
