

ASBNEPKIT19P

19" accessory pack for enclosures and 19" racks

DESCRIPTION

This 19" accessory pack will be ideal for starting or completing an Internet or Ethernet network installation in a 19" cabinet or rack. It includes tool-free RJ45 connectors, 50cm Cat6A cables, a patch panel, a cable management panel, a modem shelf, and a plastic power strip with 6 outlets.

ADVANTAGES

- Ready-to-use pack: complete solution for cabling your VDI installations
- Ideal solution for businesses, especially in the small tertiary sector.
