

DCFANOUTKIT24C

DC fan out kit for 24 fibers

## DESCRIPTION

MMC fan out kits add excellent mechanical protection for 12 loose-tube cores for connection. They reinforce the 250 µm structure to prevent breaks during future handling.

## ADVANTAGES

Direct connection of 250µm fibers – Suitable for Ø 3 to Ø 4.5mm tubes – Simple mechanical operation – DC version for 12 and 24 fiber DC tray

**CONSTRUCTION & TECHNICAL PERFORMANCE**

|                          |                  |
|--------------------------|------------------|
| Product Type             | DCFANOUTKITxxC   |
| Number of Optical Fibers | 24               |
| Sheath Type              | 900 µm           |
| Core Material            | Acier inoxydable |

**MECHANICAL CHARACTERISTICS**

|                |        |
|----------------|--------|
| Bending Radius | 20 x D |
|----------------|--------|

**ENVIRONMENTAL CHARACTERISTIC**

|                 |                 |
|-----------------|-----------------|
| RoHS Compliance | Conformité RoHS |
|-----------------|-----------------|
