

H18002

HNI COAXIAL/2 RJ45**DESCRIPTION**

The Casanova passive TV Distributors (multiple HNI) with coaxial input and RJ45 outputs allow both: - adapting TNT + SAT signals from a coaxial cable input to RJ45 outputs for patching in communication cabinets. - distributing TV signals to multiple rooms (2 or 4 TVs depending on the model).

**ADVANTAGES**

- The passive TV Distributor H18002 allows TV/SAT distribution over 2 RJ45 outlets
