

JLCSC3DOM4

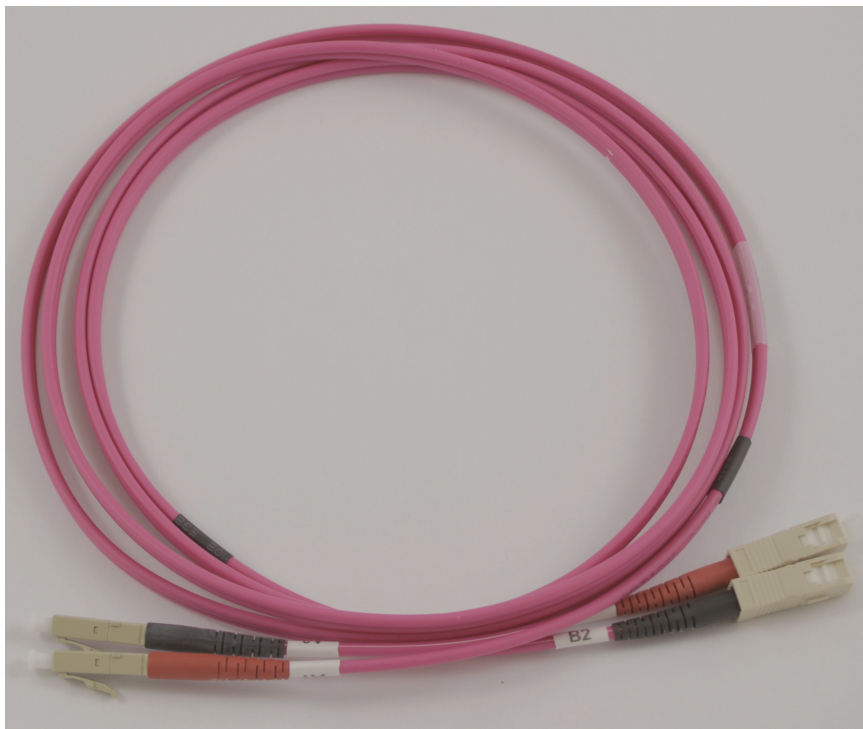

## Duplex LC/SC OM4 fiber optic jumper - 3 meters

### DESCRIPTION

MMC duplex MMC LC / SC fiber optic jumpers are made using 3mm diameter zipcord cables and are connected to connectors with a ceramic ferrule.

Each connector is equipped with a different color boot to make them easy to identify, as well as to maintain and extend the cord's performance levels.

A label with a unique batch number is attached to the cable to ensure its traceability and quality.

### ADVANTAGES

Test report included,  
Duplex clips supplied to ensure the correct polarity

**CONSTRUCTION & TECHNICAL PERFORMANCE**

|                                        |              |
|----------------------------------------|--------------|
| Product Type                           | JLCS CxxDyyy |
| Product Length                         | 3 m          |
| Available Colors for Optical Connector | Beige        |
| Sheath Type                            | LSZH         |
| Cable Diameter (mm)                    | 3            |

**ELECTRICAL CHARACTERISTICS**

|                     |     |
|---------------------|-----|
| Optical Performance | OM4 |
|---------------------|-----|

**TRANSMISSION CHARACTERISTICS**

|             |     |
|-------------|-----|
| Test Report | oui |
|-------------|-----|

**MECHANICAL CHARACTERISTICS**

|                      |           |
|----------------------|-----------|
| Bending Radius       | 3,8cm     |
| Tensile Strength (N) | 70        |
| Polishing Type       | UPC / UPC |

**ENVIRONMENTAL CHARACTERISTIC**

|                 |                                   |
|-----------------|-----------------------------------|
| RoHS Compliance | oui                               |
| Standards       | Rapport de test individuel fourni |

**ADDITIONAL INFORMATION**

|                   |                        |
|-------------------|------------------------|
| Product Packaging | 100% biodegradable bag |
|-------------------|------------------------|
