

JLCSC5DOS2

Duplex LC/SC OS2 fiber optic jumper - 5 meters

DESCRIPTION

MMC duplex MMC LC / SC fiber optic jumpers are made using 3mm diameter zipcord cables and are connected to connectors with a ceramic ferrule.

Each connector is equipped with a different color boot to make them easy to identify, as well as to maintain and extend the cord's performance levels.

A label with a unique batch number is attached to the cable to ensure its traceability and quality.

ADVANTAGES

Test report included,
Duplex clips supplied to ensure the correct polarity

CONSTRUCTION & TECHNICAL PERFORMANCE

Product Type	JLCS CxxDyyy
Product Length	5 m
Available Colors for Optical Connector	Blue
Sheath Type	LSZH
Cable Diameter (mm)	3

ELECTRICAL CHARACTERISTICS

Optical Performance	OS2
---------------------	-----

TRANSMISSION CHARACTERISTICS

Test Report	oui
-------------	-----

MECHANICAL CHARACTERISTICS

Bending Radius	3,8cm
Tensile Strength (N)	70
Polishing Type	UPC / UPC

ENVIRONMENTAL CHARACTERISTIC

RoHS Compliance	oui
-----------------	-----

ADDITIONAL INFORMATION

Product Packaging	100% biodegradable bag
-------------------	------------------------
